

To First Section Bands

10th February 2015

Dear All

Following receipt of several enquiries regarding the number of timpani required for playing of the First Section test piece A London Overture, Council have agreed that a fourth timpani will be available should your percussion team wish to use it.

However, please note that this additional timpani will be a Premier Fibreglass timpani and will not have an "extended collar".

Kind regards

Sue Oldfield
Secretary to the Council
West of England Brass Band Associations

To Fourth Section Bands

8th February 2015

Dear All

Following receipt of several enquiries regarding the number of timpani required to play the Fourth Section test piece An English Pastorale, Council have agreed that bands may bring their own 5th timpani should they wish to do so.

Please note, any additional timpani must be brought to the loading bay of the Arena before 10.00am on Saturday 14th March 2015 and will need to be left behind stage until after the end of the 4th section, as it will not be possible for us to open the loading bay door during the competition.

Kind regards

Sue Oldfield
Secretary to the Council
West of England Brass Band Associations
